PROFILE

Frontend developer with a **strong passion** for web technologies, **UX design**, cognitive science, and data visualization. I have also, a background in Microsoft Dynamics CRM development, small project management and consultancy for companies. Highly poised and dedicated, with good education in design principles and programming languages. Looking for a new challenge in a company where I can **grow and learn** new things.

WORK EXPERIENCE

FRONTEND DEVELOPER

Oaks s.r.l | 2020 - 2022

Determined job priorities for multiple projects and communicated them with the team. Participated in pre-project analysis and technical assessments to ensure the creation of a **user-centric interface**. Redesigned sites to enhance navigation and improve **visual appeal**. Studied the best solution to implement **data visualization** with a strong collaboration with design teams. **Implemented frontend** architecture for multiple enterprise projects.

MICROSOFT DYNAMICS CONSULTANT

Oaks s.r.l | 2019 - 2020

Collaborated with bank business unit team to design new applications system to **enhance** client **requirements**. Prepared detailed reports on updates to project specifications, progress, identified conflicts and team activities. **Implemented and tested** enhancement feature requests to improve product functionality and extend performance. Translated old bank workflows into new ones inside the CRM platform. Collaborated with back-end developers to integrate old and new functionalities.
